TMDC Hosted Charity Event

by David Rees (Chairman TMDC)

This is the second fundraising event hosted by the Trowbridge and District Metal Detecting Club held this month.

There were members present from the Hucclecote Club: SHRADS: WHRADA: ISCHEM: WYVERN: Chippenham MDC and TMDC.

Each entrant paid £10 for the day detecting on land that had been prepared by the landowners and the charity supported was that chosen by them. Almost perfect conditions; mostly flat and level.

Participants started to arrive well ahead of the start time and I must apologise for leading about six cars down the wrong track. I hadn't visited the site before, and I hope that explains to my convoy what was happening!

Three of us completed the briefing at 9:30 a.m., being Gary Cook,

Dave Crisp and myself. Dave also mentioned for forthcoming Western Region Christmas Social Event on 7th December, along with the photographic competition presently taking entries. Send these to me at davidrees55@aol.com.

Roman Brooch

This nice Roman brooch was found by TMDC member Mike Zsachs, and was the only complete brooch found this day so well down to Mike.

The Finds Table

Thanks to Ian Carter (TMDC) for this picture on the left that he sent to me.

Some of the finds

MORE PICTURES

From here on there are a selection of pictures from the event provided by Dave Whalley, Ian Carter, David Rees and Keith Arnold.

CLUBS FROM THE WESTERN REGION NCMD JOIN TOGETHER FOR CHARITY

On his 77th birthday to Dave Whalley from everyone.....
